HEALTH ASSESSMENT FORM STABLEHAND / TRACKWORK RIDER

Dear Doctor,

Thoroughbred Racing S.A. Limited (TRSA) is the regulator of thoroughbred racing in South Australia. Anyone who rides thoroughbred racehorses in trackwork must hold a registration issued by TRSA. Prior to renewing any stablehand / trackwork rider's registration, TRSA requires the rider to be assessed by a General Practitioner. This assessment will assist TRSA to assess the risk to the licensee and others, in the event that a stablehand / trackwork rider's registration is renewed. The reverse side of this document lists a range of conditions which may be associated with increased risk of employment.

A completed health assessment form signed by a General Practitioner, must be submitted to TRSA to enable consideration to be given to renewing the rider's licence.

To: Thoroughbred Racing S.A. Limited

Given the available medical information provided by _____

I believe that this person:

does not appear to be at *significantly increased risk* of sustaining a work-related condition or aggravating an existing condition in undertaking the nominated role

or

is at *increased risk* of sustaining a work-related condition or aggravating an existing condition in undertaking the nominated role

or

demonstrates an absolute medical contraindication to participation as a rider for the following reasons -

Is there any additional inquiry / investigation / examination you recommend be undertaken to assess the effective functioning of the licensee in his / her role as a rider?

The applicant has disclosed to me that they are currently taking the following medication / supplements: (please list)
